One-touch Scan Button

One Scan button on the front of the scanner provides you a quick and easy way to capture images that can be automatically saved as files or sent to another application for further use. As well, though the ScanWizard DI scanning software, this button also can be customized to perform other operations, such as sending an image to your printer, scanning for OCR, or sending for E-mail attachment.

Fast Scanning Speed

The XT6060 increases your productivity with fast scanning speed in 3 seconds or less at 200 dpi for a color or grayscale scan of A3 size (12" x 17") document.

LESS THAN 3 SEC.

Large A3 Scan Bed

The 12″ x 17″ (tabloid-size) scan bed of the XT6060 lets you easily scan oversized originals, contact sheets, large pieces of art, and mechanical blueprints, etc.
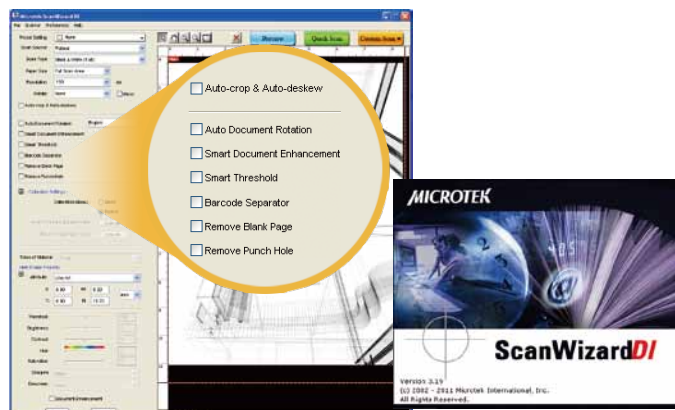

Powerful ScanWizard DI Software

ScanWizard DI is scanning software developed exclusively for Microtek document scanners. It offers intuitive, powerful tools with an all-in-one control panel, allowing you to perform essential scan tasks easily without having to initiate a scanning session on the screen. It provides a simple and straightforward control over the scanning process.

Smart Automatic Scanning

The XT6060 is equipped with Microtek's patented Auto-scan technology which allows you to capture the images automatically when the scanner senses the targets on the scan bed, enhancing the efficiency of continuous scanning process.
